**Re: Petition of SunCom Wireless, Inc. for Designation as an  
Eligible Telecommunications Carrier in Georgia, North  
Carolina, Tennessee, and Virginia;  
Federal-State Joint Board on Universal Service;  
CC Docket No. 96-45**

Dear Ms. Dortch:

On behalf of SunCom Wireless, Inc. ("SunCom"), I am enclosing SunCom's Petition for Designation as an Eligible Telecommunications Carrier in Georgia, North Carolina, Tennessee, and Virginia, pursuant to Section 214(e)(6) of the Communications Act.

One of the Exhibits to the enclosed petition is a five-year plan providing a specific demonstration of how SunCom will use high-cost support for service improvements that would not occur absent receipt of such support. The data included in this plan are highly confidential commercial and financial trade secret information concerning competitive wireless services, and public disclosure of these data could cause serious competitive harm to SunCom by giving competitors access to the details of its network deployment and capital expenditure plans. Accordingly, pursuant to Section 0.459 of the Commission's rules, SunCom respectfully requests that the unredacted version of Exhibit E be withheld from public inspection.

SunCom is submitting two versions of this petition: (1) a version for public inspection including a redacted version of Exhibit E; and (2) an unredacted

Page 2

version including the complete, confidential version of Exhibit E. The version for public inspection is being filed via the Commission's Electronic Comment Filing System. The confidential version is being sent via e-mail to the FCC staff members listed below.

If you have any questions, please contact me.

Respectfully submitted,

David L. Sieradzki  
Counsel for SunCom Wireless, Inc.
